# Shivani Kumari

**To: Hiring Manager ,  
Google**

My name is Shivani Kumari. I am applying for Data Analytics Google apprenticeship program with your organisation as advertised on Google Careers.

I am pursuing my B.tech in Information Technology from Noida Institute of Engineering and Technology, Gr. Noida, Uttar Pradesh. Here I have learnt majorly - Data Structure, Web Technology, Database Management System, Data Analytics, Big Data, Software Engineering, etc

Also currently I am enrolled in offline "Career camp Freshers" training course in "Web developer" offered by "Coding Ninjas". Here, I have completed "Introduction to Java" certification with excellence.

It covered Major Topics - Flow charts, Loops, Pattern problems, Function, Arrays,String,etc

Since my School days I have been using "Google Workspaces" - G-mail, chrome, Docs, sheet,etc. for my school Projects.

On my personal level, I am detail-oriented, organized and precise in my work. I have good Communication Skills. I am comfortable on my own facing the numbers. But, I enjoy being part of motivated team.

Please find my contact information at the top of this letter, as well on my enclosed resume. I appreciate your time spent reading this letter, and looking forward to connecting further for "Data Analytics Google apprenticeship program 2023"

Thanks and Regards

Sincerely

Shivani Kumari
